FEBRUARY 25, 1994

IN RE: Application of Fripp Island Sewer System, Inc. for Approval of an Increase in Sewer Rates and Charges.) ORDER) GRANTING) REQUEST FOR) AN EXTENSION) OF TIME
---	---

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Fripp Island Sewer System, Inc. (Fripp Island or the Company) for an extension of time until February 28, 1994 to complete and file all of the necessary information in order to utilize the calendar year 1993 as the test year in the Company's Application.

In our Order No. 94-100, this Commission ordered Fripp Island to file materials related to an updated test period ending December 31, 1993 on or before February 15, 1994. On February 15, 1994, Fripp Island filed a request for an extension of time to file this information until February 28, 1994. The Company stated that its accountant was unable to complete and prepare the exhibits for the Commission on the updated test year because of other professional responsibilities, and because he has only recently received the base data from the Applicant. The request stated that the accountant was working diligently on the exhibits,

and the Applicant thereby requested an extension. It appears to this Commission that the extension requested by Fripp Island is reasonable and should be granted.

IT IS THEREFORE ORDERED THAT:

1. Fripp Island shall have until February 28, 1994 to complete and file its new schedules and exhibits utilizing the test year ending December 31, 1993.
2. That this Order shall remain in full force and effect until further Order of the Commission.
